EDUCATION

University of Minnesota, Twin Cities

May 2026

Carlson School of Management

Minneapolis, MN

- Bachelor of Science in Business, Management Information Systems, Supply Chain & Operations Management, Business Analytics
- W&S Hodder Scholar | Triple Major | GPA 3.61

WORK EXPERIENCE

Cajun House

June 2023 – Present

Front End Manager

Minneapolis, MN

- Managed front-of-house workflows during high-volume service periods, coordinating staff and online orders while contributing to a 25% increase in online revenue and 13% higher customer satisfaction.

Carnegie Mellon University / UnitedHealth Group Optum

June 2025 – July 2025

Healthcare Analytics Research Intern

Pittsburgh, PA

- Built and evaluated predictive models using LASSO, Random Forest, Elastic Net, and Huber regression across 3,000+ U.S. counties and 700+ variables to identify drivers of public health outcomes including alcohol-impaired driving and drug overdose deaths.
- Cleaned, analyzed, and visualized large-scale healthcare datasets in R and Excel, translating statistical findings into recommendations for healthcare strategy and planning.

PROJECTS

Mobile App Co-Usage Patterns Analysis

January 2026 – May 2026

Business Analytics Lead

Minneapolis, MN

- Identified Gemini and finance app co-usage as the headline pattern in a 20M-row 2023 Android usage panel using monthly Apriori association rule mining and ggplot2 visualizations.
- Built an R-based analytics pipeline (tidyverse, ggplot2) including canonical mappings for major AI assistants and a 25-category non-AI app taxonomy covering 85%+ of adopter interactions.

Twin Cities in Motion Tableau Dashboards

September 2025 – December 2025

Data Visualization Analyst

Minneapolis, MN

- Designed two interactive Tableau dashboards for the Twin Cities in Motion Challenge Series to support marketing, registration, revenue, and operations decisions.
- Built role-based dashboard views for marketing, operations, finance, and executive users using filters and visual storytelling techniques.

LEADERSHIP & ACTIVITIES

University of Minnesota CCAPS – Pura Vida Consulting

January 2026

Student IT & Systems Consultant

San Ramon, Costa Rica

- Assessed workflow, information flow, and operational bottlenecks at a senior living facility, identifying opportunities for data tracking, digital recordkeeping, and technology optimization.
- Supported an IT improvement proposal covering network continuity, documentation, low-maintenance website rollout, and resident-impact technology recommendations.

SKILLS

- **Core Skills:** Predictive Modeling, Association Rule Mining, Data Visualization, SQL Querying, Requirements Gathering, Process Modeling
- **Tools:** R (tidyverse, ggplot2), Python, SQL, Tableau, Excel, Quarto, GitHub, SAP S/4HANA, Node.js
